Subject: FW: MRAP Readiness Tracker
Signed By:

John,

Admiral Thompson asked about Readiness tracker today during the DLA/Marine Corps Day IPR. He would like to see its application used beyond MRAP and also see it as part of the Fusion Suite. Kevin is looking for a brief for what Readiness Tracker is all about. I know Jeff is in Kuwait so thought you may have something that talks to readiness tracker. If not I believe Gregg has something.

Please do not take this as a tasker to start trying to add this tool to the fusion center. Gen M has her own thoughts about that and am not sure what they are. Would like to get Kevin the brief though.

thanks

Guz

Subject: RE: MRAP Readiness Tracker

LtCol Guzman:

Thank you. I am familiar with List Management.

I know this tool was discussed in previous USMC/DLA Day IPRs. However, understand the connection to the Fusion Center is a new topic.

vr,
Kevin J. Loy, PhD
