Greg,

You certainly set the standard for how this should work. Thanks for everything.

Mark

Greg,

We're always happy to get the good news and encouraging words. I also want you to know that we appreciate everything you do for this and all of your projects. Your attention to detail on everything saves Mark and I much time and stress because we can always count on you to do the right thing and keep us informed when we need to know what's going on.

Greg,

Thanks for staying on top of this very difficult and dynamic task. The tracking and output this program provides is proving to be invaluable.

I appreciate your tenacity. Keep up the good work.
